What is the main ingredient in the legendary Åland pancake? It depends on who you ask from. The Ålanders adore their national dish, but have never been able to agree on whether to use semolina or pudding rice. But even though the ingredients may vary, the taste is always fantastic.

A HISTORIC SETTING

Nautical is known for its exquisite food, its first-class service and for always delivering something out of the ordinary. Did you for example know that the restaurant offers private dining rooms suitable for both couples as well as larger groups?

The most exciting of them all is probably the "captain's salon", a room dating back to the 1950s where some of the most incredible business deals have been made throughout the years.

The restaurant also offers the best view of Pommern that you can find. The four-masted barque with its iron hull was built in 1903 in Scotland. It is the only remaining ship of its kind in the world and one of Åland's most popular landmarks.

| Vilka äregentligendehemliga ingredienserna i den mytomspunna Ålandspannkakan? Det beror på vem du frågar. Ålänningarna älskar sin nationalrätt, men de har aldrig riktigt kunnat enas om den ska göras på risgryn eller mannagryn. Men även om ingredienserna varierar är smaken alltid fantas-tisk. | |
